SUMMARY

Senior React Native developer shipping Expo apps to the App Store and Google Play since 2019, and building for the web since 2018. I have written production JavaScript/TypeScript by hand since 2018; today I use AI on top of that foundation. Fully remote since 2022, working with German clients and teams. Spanish and Catalan native, German (C2), English (C1).

EXPERIENCE

Freelance Developer · Oct 2022 – present · Remote

- **Heidelberg University** (2026, in progress) — Interactive infographic map of the university's alumni network: 3D globe with MapLibre GL JS and animated arcs with deck.gl.
- **Remoryo** for 3pace.ai (2024) — Sole frontend developer of the React Native + Expo app (iOS and Android), working with the backend lead: Puppeteer-generated PDFs combining images and text, and support with EAS builds and store releases (App Store · Google Play).
- **TheCirculArt** (2023–24) — Analytics dashboard for a circular-economy company, built for large datasets (Next.js, TypeScript, Supabase).
- **Johner Institut** for 3pace.ai (2022–23) — Healthcare web app (Next.js, Supabase) and a React Native prototype taken from UX to store release.

Founder & Lead Developer, own products · 2025 – present

- **SaaSofSaaSs** (2026) — Multi-tenant builder for multilingual business sites: structured content, custom domains, Stripe, SEO/GEO per tenant (Next.js, Neon PostgreSQL, Drizzle ORM, Vercel).
- **WeddWeb.com** (2026) — Wedding-website SaaS running on that engine: 11 languages, RSVP, Stripe Connect (Next.js, Supabase, Vercel).
- **Mosaic.photography** (2025) — PWA + Expo app (App Store · Google Play) with a CDN image pipeline (Next.js, Expo, Supabase, AWS S3 + CloudFront); 1 of 10 founders in the NotJustDev incubator.

Other roles

- **myPension**, Full-Stack Developer · Aug 2019 – Oct 2022 · Frankfurt — React Native app and customer portal of a German digital pension provider (5,000+ downloads); led a UI redesign.
- **Hessian Ministry of Education**, Full-Stack Developer · 2018 – present — PWA and admin panel for a yearly Spanish reading contest in schools (React, Express, MongoDB).
- **Instituto Cervantes**, Webmaster & Graphic Designer · 2008 – present — Liferay websites, Salesforce marketing campaigns (responsible) and graphic design.

Before 2018 in Germany: event and AV technician, founder of AudioVisual-PRO, tourism PR.

SKILLS

- **Mobile:** React Native, Expo, EAS, App Store and Google Play releases, ASO
- **Frontend:** TypeScript, React, Next.js, Tailwind CSS, PWA, MapLibre GL JS, deck.gl
